Range of Camlocks, consisting of several models designed for different door thicknesses, such as boxes, lockers, machines, or similar applications where security is not a requirement.

Characteristics:

- Brass lock.
- 5 pins, sawn key.
- For thicknesses from 10 to 23 mm.
- Key Alike possibility.
- Not masterkeyable.
- Up to 7.776 different codes.
- Nut-mounted.
- 2 steel sawn keys included.
- 1 or 2 key exits according to model.
- Different angles and directions of rotation according to model.
- Cam not included.

Recommendations:

- Use TESA lubricant to maximize the lifespan of the cylinder.
- Use original keys to make copies
